MACHO[®]

MARTIAL ARTS

Why Custom Service?

Promotional products are a great way to showcase or advertise your martial arts school. As one of the most cost-effective forms of advertising, these items are imprinted with a logo or message to represent your business, and should be placed on items that your customers will use on a regular basis. Tournaments, charity races, conferences, wellness programs, and other special events are some places outside of your school where you can distribute these items, and will help you connect with a wider audience.

For 40 years Macho has been offering custom printed apparel, uniforms, gear, and more for martial arts schools, and we love being a part of our customers' journeys!

The Macho Way

When you place an order with Macho you receive a personal customer service representative to walk you through the Macho Custom process. Providing expert, personal service is something we are known for, and are more than happy to do for our wholesale customers.

How Does My School Benefit by Co-branding Gear and Uniforms?

- Increased school visibility
- Students won't be able to buy your school's branded gear through other retailers or online shops, so you can keep those sales in your school.
- Enhance credibility
- Add value to the products you carry - You can charge a premium on all gear, uniforms, and accessories that have your logo on them.
- Advertise your school
- Show uniformity
